CCAs STUDENT COUNCIL

The Student Council is a newly formed student body made up of prefects and CCA EXCO leaders. The Student Council aims to mould leaders who are able to be good role models to others, while planning and executing their tasks with pride. During the March leadership Camp and the Art of Leadership workshops, our councillors have learnt about perseverance and discipline as well as time-management and organizational skills, which are essential for them to carry out their duties efficiently as student leaders of the school. Thus far, the councillors have actively assisted in major school events such as Cross Country, Sports Day and Speech Day and successfully planned the Teacher's Day Celebration this year. They also became ambassadors of EVSS during the school visit by students from China. Later this year, the councillors will be going for an overseas trip which aims to further develop their leadership skills and to forge the camaraderie among the councillors.

The Band had a successful collaboration with the SCDF in September when the Band played for SCDF Passing-out-Parade where Associate Professor Ho Peng Kee, Senior Minister of State (Law & Home Affairs) was the guest of honour .

The Band is grateful to their teachers, Ms Leon, Ms Ang, Mr Soh, Ms Marlina and Mrs Ng for the hard work and effort put in not forgetting Ms Joelle who stands occasionally.

CCAs CHINESE ORCHESTRA

The Chinese Orchestra had a busy year in 2007. In the bi-annual Singapore Youth Festival Competition, the orchestra was awarded a Bronze for her performance. Though it was slightly below our expectations, we promised ourselves that in 2 years' time, we will work ourselves to get a Gold! To help our dreams, we have performed quite a few times more this year. Besides performing at the school's Speech Day, we also went to Kheng Qiu Happy Lodge to perform for the old folks and to grace the official opening of the Tampines Service Centre. We are looking forward to a even better year in 2008. Watch out for us!

Who are we?

We are a group of students who love music. At the Chinese Orchestra, there are opportunities to learn more about music and perform in public.

CCAs MALAY DANCE

This year our Malay dance group is blessed to have a total of 37 members – a record-breaking amount ever. We managed to get an overwhelming response by the Sec 1s through our first performance during the ***CCA Fair****. For the* ***SYF*** *in April, we trained very hard for about 6 months with the guidance of our instructor, Ms Neng Ayu and our teacher in-charge, Ms Ayesha. We dazzled the stage with our feminine dance movements, elegant costumes and colourful props. With great determination and team work, we successfully clinched the* ***SILVER award****. The great support we got from the school was remarkable. We were then given the opportunity to showcase our SYF dance to the school during* ***Speech Day and Assembly****. To top it all, we were even selected for a public performance at the* ***Fort Canning Park*** *for a concert called* ***'Ballet Under The Stars'*** *in August Congratulations and well done, girls!*

2007 has been a rewarding and fruitful year for our Chinese Dance Troupe. Our students participated in the **SYF Dance Competition** this year, competing with some of Singapore's finest secondary school dance troupes and won the **Silver Award** in this prestigious biennial event.

Under the leadership of our dance instructor **Wang Fanru**, we hope to achieve greater heights in years to come.

Golf **O**ffers **L**ots of **F**un

We have climbed from Phase 1 to Phase 3, a ladder we need to climb by taking a yearly Skills test, testing us on our chipping and putting. We have grown, over the 3 years, from inexperience and nervous to a confident golfer who is ever ready to rise to challenges. Our coaches, Mr Said and Mr Lee, have made us reach new horizons by stretching us to limits we never knew we are capable of. We may be just a small family of 4...but that does not stop us from mastering the golf skills and in achieving that, to have lots of fun!

This is the second year the Soccer Club has been revived. We sent in two teams for the East Zone Schools Soccer Tournament. The 'B' Division team, led by the team captain, Hilmi from S501, played their hearts out to win two games and lost three games. They did not manage to carry on to the next round.

The 'C' Division team, led by the team captain, Faris from S201, did not fair well at all during the East Zone Schools Soccer Tournament. They lost all the games played during the tournament.

But the 'C' Division team showed their resilience during the Nationals Schools League 4 Soccer Tournament. With the guidance from the new coach, they won nine games and lost one during the qualifying round to qualify for the finals.

During the final they defeated Ahmad Ibrahim Secondary School to emerge as champion of Nationals Schools League 4 Soccer Tournament.

Netball

The 2007 netball team has a strength of 18 players. In semester 1, the team was under the coaching of Miss Ng Shi Lin, an NIE contract teacher who is undergoing formal teaching at NIE at the moment and currently the netball girls are trained by our newly-appointed coach, Miss Yong Connie.

The team trains regularly twice a week, every Tuesday and Thursday, for two hours from 2:30p.m. – 4.30p.m. Till date, the East View Netball team has participated in two tournaments organized by prestigious netball associations namely the NETOPS Netball Carnival 2007 on 4 June 2007 and the Pesta Sukan Netball Carnival on 28 July 2007. The team has also organized friendly matches with other schools to provide the players with more exposure to the game.

On 1 June 2007, the netball team underwent a motivational cum netball training camp under the leadership of our very own coach, Miss Yong Connie. The camp was a success as it strengthened the team spirits amongst the players and also provided the girls with better knowledge of the netball game itself.

MY SAY.....

The route to success has indeed been a long and arduous one. It has been three years since I was put in charge of Hockey and the attitude, commitment and tenacity displayed by the players have indeed changed for the better over the years. The EV Hockey/ Floorball player today is hungry. Hungry for the success that they know is within reach. No longer are we the whipping boys and girls in National Tournaments but a force who dares to challenge the Giants in Floorball and Hockey. The smell of success is tantalising and so near and what their counterparts (C Div Girls) have tasted, the rest hunger for it too.

I want to commend all the players, boys and girls alike who has been putting in their heart and soul to training. Seeing this passion made me convicted that East View students can achieve success when their energy is channelled to the very thing they are passionate about. They understand the importance of working hard, being fit, putting in time to ensure success in sports. Beliefs which I think can be transferred to their studies when they see themselves succeed in one aspect of their lives.

The players today created a mindset change in me and inspired me to create more opportunities for their development. And lastly, it dawns upon me this.

Discover and Develop the East View student first in their area of Passion will give them the confidence to face the many giants in their lives. This small seed we sow will bear its fruit in time to come.

Girls Hockey and Floorball

Twenty girls make up both Division B and Division C Hockey. This year the B Division Girls put up a brave fight in the Inter-School B Division Hockey Tournament and caused the hockey scene to take a new look at the East View Sec of Hockey. The C Division Girls narrowly missed out qualifying for the semi- finals for the National C Div Girls Hockey Tournament to Northland Secondary School. However the very same players were triumphant in their outing as they emerged Champion at the 1st National Inter School C Div Floorball Tournament. Several players have also moved on to greater heights by training with the Junior Hockey girls of Singapore Cricket Club, playing the game at a higher level. 2007 has been a fruitful and eventful year culminating with an overseas trip to Malacca to gear the players up for the tournaments next year. Take it away EV Eagles!

Ms Chin Yee Lee

Floorball Boys

The development of floorball in EVSS has been undeniably phenomenal.
It's been a year since both the teams started training but we have come to see the fruits of our labour within such a short time. The students' dedication and their level of maturity towards the game have grown exponentially. Winning the C Div Girls 1st National Inter-School Floorball Championships 2007 was not only sweet victory but it emphasized the gravity that our students can reach for the skies. And the skies are not the limit. This spurred on the boys' team to work even harder and they have shown their mettle and hunger by coming in a commendable 7th position out of the 14 external clubs that took part in the Div 2 Singapore Floorball Association Weekend League.

As Gandhi aptly puts it, "The future depends on what we do in the present". It is this pertinent reminder that we must hold on to if we want to attain more for EVSS floorball. We will have to spread our wings and entice tie-ups with the neighbouring primary schools by offering them carnivals, workshops and even guided training sessions. It is indeed our dream to turn EVSS into an East Zone Floorball Centre and we are confident that such a day will come.

Success couldn't have been sweeter. Indeed the Emily Chan we know today is a far cry from what she was. Her athletic qualities was spotted during a PE lesson when she was in Sec 1. Emily started Hockey as a curious but reluctant player. Over time, she surprised everyone, her parents, her teachers and her coach with her commitment as she grew to love the sport. Hours the team and her spent in the sun, doing fitness and conditioning and stick work proves fruitful. She grew in maturity and ability as a player and began to display leadership qualities on and off the field. Tasting success this year with the Lower Sec Girls team as they bagged the Champion title in the 1st Inter School Floorball C Div Girls Tournament, Emily registered changes in attitude towards her teachers and school work. Slowly but surely, everyone around are giving positive feedback about her behaviour. Gone are the days where she sits sullenly outside the General Office for detention. The Emily Chan we know today has turned around and with time, we will see a sporting gem and a leader in the making. One thing's for sure, she has CHOSEN the route to success and has taken the first step.

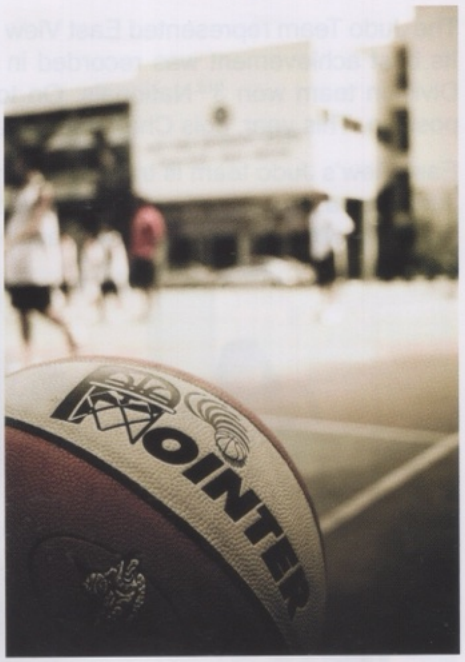
The Judo Team represented East View in the Nationals every year. The team has so far clinched a medal every year. Its best achievement was recorded in 2005 where the 'C' Girls Division team won 2nd Nationals and the 'C' Boys Division team won 3rd Nationals. On top of that, Lois Chan won the 'C' girls Individual Middleweight Nationals 3rd position. This year, Lois Chan once again clinched the 3rd position for the Individual Heavyweight category.

East View's Judo team is trained under the close supervision of Stephen Chee, a renowned coach in the Singapore Judo arena. He helped set up the Judo Club in East View and the club has matured and flourished over the years. The club will aim towards greater achievements in the years to come!



On the 7th September, East View Secondary's basketball team got their first look at the new professional basketball team to be based at the Singapore Indoor Stadium. 11 of the Singapore Slingers strolled into a warm reception on the basketball court. The temperature was up and the smiles were a plenty as Singapore Slingers player's coached students in the fundamentals of basketball.

Covering all aspects of the game, the students were able to get a taste of the skills needed to perform at an elite level. Mixing education with fun was the driving force and the scene was set for what would be an enjoyable afternoon of learning outdoors.

The school was one of the many free clinics to be performed by the Singapore Slingers in an effort to produce a national schools development program. The scheme is aimed at students enjoying the sport of basketball.

Having conducted hundreds of school clinics, Ben Melmeth and Brad Davidson showed their leadership and took control of the students. Being veterans of the sport it was no task to show their enthusiastic audience the drills and techniques that they've both lived and breathed for so long. Standing a towering 208cm, Ben's king-size frame casts shadows over the awe-inspired students.

With many already enjoying a passion for basketball, having an athlete of elite caliber come to our school, shows the students ways of progressing their skills and gives them an insight into to a professional sporting life.

Hard work, discipline and commitment are the same techniques coached both in the classroom and on the basketball court. Basketball promotes social interaction and confidence in both boys and girls in a safe environment.

SJAB – For the Service of Mankind

St. John Ambulance Brigade has always been an outstanding CCA in East View Secondary School. We have achieved 3 consecutive Silver awards for our CAA since our last Gold award in 2003.

This year, without disappointment, we had won the Championship for the Nursing Cadet category in the Inter-Corps First Aid cum Home Nursing Competition 2007. This team is lead by SGT Wong Huiting with her team, SGT Chang Xueling, SGT Yap Kaixin, SGT Sim Yanteen and SGT Wong Pei Jun Iris.

As expected of this CCA, beside our core modules for first aid, character building is also one of our main focuses. Strong sense of responsibility, initiative and discipline are always instilled into our members.

Noble, Courageous, Disciplined, Committed, Caring, these are the core values of the NCDCC cadets. Already marching into its third year, the unit is growing rapidly with a total strength of 105 cadets (sec one to three) to date, making it one of the largest uniformed groups in East View.

VISION SERVICE

Bringing Dental Health Care To You

Cadets during their formative years are inculcated with qualities such as discipline, leadership skills and strong civic, social and moral values. The experience and training that the cadets go through in NPCC are lessons that will stay with them for life. Training including lessons on Law Enforcement, National Education, General Law, Crime Prevention, Community, Home Front Security and Total Defence prepare the cadets to be caring and responsible citizens of the nation.

As part of our culture, we believed in teaching our cadets the role of the Singapore Police Force, helping them build stronger bonds of friendship through activities like visits to the Bedok Police Division, Police Dog unit, Police Coast Guard and also through collaboration with the Singapore Police Force to educate the public on crime prevention, so as to ensure a safer place for all in the country.

The Leadership and Resilience components of the NPCC training are taught through activities such as drills and adventure training camps. These training help develop these two important attributes in our cadets. In addition, courses in communication and management such as the Leadership and Mentoring course develop complementary life skills essential in helping them to meet the challenges that globalisation brings.

Some of the achievements that the unit has achieved include:

- Silver award in Unit Overall Proficiency award for year 2005 and 2006.
- Overall Champion for Area Games for year 2005, 2006 and 2007.

Driven by its core values such as Leadership, Care for Fellow Cadets, Discipline and Adventurous Spirit, the NCC Boys Unit continues to distinguish itself by nurturing its cadets to become resourceful and resilient. Through courses and camps conducted by the Unit as well as HQ NCC, our cadets have certainly grown in terms of physical fitness and mental strength.

NCC's mission is to develop resourceful, responsible, resilient, loyal leaders and team players through fun and challenging military related activities. Various activities are conducted at each formative years such as CampFEAST, Senior Specialist Course, Senior Specialist Course, Camp Pinnacle, National Camp, OBS (Sabah) and overseas expedition trips.

As part of our culture, we believed in nurturing responsible, resilient and resourceful cadets to become successful citizens.
